NEW-YORK, MONDAY MORNING, JULY 18.

TWe have already mentioned that our friend GEO. W KOPALL, one of the Editors of the New-Orleans Picayune, Joss to Santa Fe. He accompanies a characteristic Yanheard-Texan expedition, which goes out to barter or ravage segmentances shall indicate-to coax Santa Fe into a foremower it if resistance is offered. The morality of this menaking is Texan-but let that pass. We intended to sak only of our generous, drell, humorous, light-hearted tion that ever went down the Ohio. His native place is minn that ever went down the Onio. His native place is William Walters of the City of New-York, a Measurer of Grain for ours (Amherst, N. H.) and we happen to know that a the City and County of New York, in the place of William Raynor, abounding humor, sometimes (though not in his case) uning into eccentricity, is an established family trait, for erations. Amos Kendall, the late Postmaster Genall weathers, and known as the prince of good fellows on Piscataqua to the Rio del Norte, and from the top of e Grand Monadnock to the swamps of the Balize. Health

-But no! we learn that our friend, on the very outset of adventure, has suffered a most serious injury. The folwing is from the Picayune of the 7th:

THE SASTA FE EXPEDITION left Austin on the 17th ult. amediately after the arrival of Mr. Kendall at Austin, from an Antonio, he met with a severe accident. While going the Colorado to bathe, in the evening, he walked off a recipice some twenty-five or thirty feet high. The fall reshed one of his ankles, besides injuring him seriously in the respects. He writes to us that he has been laid out in upon his back for several days, but was sufficiently recovered to write a rough letter previous to his departure. Isse Antonie Navaro, one of the Commissioners, was also mabled with lameness, and Col. Cook had provided the insulad with a wheel conveyance, until they were able to ravel on horseback. The worthy Editor grumbles excessively, as well he may, over his annoyances and missioners. The idea of starting on a pilgrimage to the institutes. The idea of starting on a pilgrimage to the insertion of Mexico, on a litter, is not particularly entertaining.

and to the hour of starting, managed with great judgement.

Among the persons attached to it is Mr. Falconer, a gentleman of much scientific knowledge, furnished with all the instruments necessary to aid him in securing an accurate acount of all the interesting features of the country through which the expedition will pass; so that a vast variety of in emation relative to one of the finest countries in the world to a certain extent yet unexplored-will be accumulated in

A proclamation by President Lamar has been printed at Austin in the Spanish language, for distribution is spen the arrival of the expedition at Santa Ee. It is a very slie paper, and will probably have its desired effect, that of bringing the people of Santa Fo at once under the Texan government, of their own free will and accord. Should they tot see fit, however, to accede to the terms offered by the Texans, the force under Colonel McLeod will attack the own, and the result can hardly be doubted. Texan claims to the Rio Grande, and sooner or later she will have al daims. It will be seen, therefore, that the aims of this Santa Fe expedition are of no trifling character, but deeply mportant in more ways than one. Intelligence of its move ments will be awaited with no inconsiderable degree of

PASSENGERS ON THE WILLIAM BROWN.-The passengers of this ill-fated vessel on their arrival in the long-boat at Havre, were treated with every possible attention: one hundred pounds was immediately subscribed for their relief, and dothing was contributed in abundance. The crew on the other hand were lodged in jail, and but little sympathy was felt in their behalf. The ship Richmond took on board all the female passengers and a boy, and sailed for Richmond m the 25th of May.

A Figur.-One Robert Pratt, at Exeter, N. H., was reeatly determined to stop the Locomotive at that place. He tried first to remove the rails, but finally concluded as the tasiest method to battle the beast with a club. He took his stand accordingly, and the engineer seeing him in the way calmly dismounted, knocked the club from his hand, kicked him down a precipice and went on his way rejoicing.

FROM TEXAS .- The Savannah brought dates to New-Orleans from Galveston to the 1st. There is no news of great interest. The war schooner San Bernard, sent with Judge Webb as Texan Envoy to Mexico, had returned, not being allowed to enter Vera Cruz. The Judge was informed that no proposition would be listened to relative to the dismem-

IF Six of the Rioters on the Troy and Schenectady Railroad have been lodged in Albany jail for trial. One of the wounded ones was brought to Albany on Thursday, having remained 48 hours insensible from the effect of a blow on the head with a pick-axe. He was trephined, large pieces of his fractured skull taken out, and regained his consciousness and speech, but his recovery is considered doubtful.

enter of Mexico, on a litter, is not particularly entertaining, imust be confessed; we can easily imagine a great variety of situations that might be more pleasant.

Mr. Kendall states that he is under deep obligations to resident Lamar and Mr. Roberts, the acting Secretary of sate, for their kindness and attention. Attached to the expedition, there are about 3000 regular troops, with a first rate ix pounder. There were 22 waggons loaded with goods and provisions, and over one hundred live cattle, to be constructed into provisions on the way, if necessary. Taken altogether, the expedition has been got up upon a liberal scale, and to the hour of starting, rannaged with great judgement.

CITY HOTEL.—The Public are informed that the above named spacious and popular establishment will be continued as usual. The interior has been recently repaired, and the parlors and many of the rooms newly furnished. The City Hotel is one of the very few Hotels in this city in which the entire lower floor is occupied for the purposes of the establishment; it has a bar, reading, dining, sleeping rooms and parlor on the first floor. The convenience of its location being near the centre of the busines part of the city, and all the principal steamboat and railroad landings, with spacious and pleasant parlors on the first floor, on Broadway, the principal thoroughfare of the city, make it an equally desirable situation for men obsumess, and for families or single gentlemen travelling for pleasure.

The travelling public are assured that this Hotel shall be seconducted as not to be excelled by any other establishment in this country. With cleanliness, and good, attentive waiters, a good table, choice wines and injours, and a general desire to please, the proprietor hopes he may be favored with a share of the public partonage.

STEANBOAT DIAMOND.—This boat leaves the wharf between Barclay and Vessy-streets, New-York, for Albany, at 5 o'clock P. M. every Tuesday, Thursday and Saturday, and returns frem Albany on Monday, Wednesday and Friday, at the same hour. She goes through without landing, making her passages regularly and certainly within twelve hours—always in time for the Western Railroad. The proprietors run her for comfort rather than speed. There is no noise or jar on board of her; the engine, being herizontal, is below deek, and moves very still, and is without any unpleasant swell. She has two large cabins and two saloons below deek, a ludies' saloon and two saloons for gentlemen on the main deek, and nineteen state rooms on the upper deck, with a hall 15 feet wide and 100 feet long for promenating between them. This hall is well skaltered, lighted and ventified, and opens by double doors on the forward and atter deeks, afferding a walk the whole length of the boat. The saloons and state rooms have each a bell leading to a hall where servants are in constant attendance.
